

Chief Justice Maureen O'Connor, Chair • Sara Andrews, Director

TO: Ohio Criminal Sentencing Commission Members & Advisory Committee

FROM: Sara Andrews, Director

DATE: May 5, 2015

RE: 25 year review of sentencing for certain felony offenses

The Commission identified and subsequently voted a priority is to address the 'felonization' of misdemeanors and increasing lengths of sentence for existing felonies since adoption of new criminal sentencing code (SB2) in 1996. The Commission further suggested conducting a review of all offenses made felonies or modified for much more extensive use over the past 25 years to examine if lower penalties are more appropriate.

Because it is available and accessible, several sources of data from the Department of Rehabilitation and Correction (DRC) were used to frame the research request and collaborate with the Supreme Court of Ohio Law Library for the project. Specifically, a list of offense commitments supplied from DRC titled, '*What are crimes that either weren't crimes or were barely used in 1993 that are extensively used now?*'; 2013 intake sample most serious top five commitment offenses; and a random selection of DRC commitment report categories – calendar year 2014, 2004 and 1997.

Therefore, the 25 year sentence review of certain crimes includes the following offenses: Assault, Domestic Violence, Non-support, Duty/failure to register, Failure to verify, Illegal Manufacture of Drugs, DUI, Escape, Resisting Arrest, Burglary, Drug Possession, Drug Trafficking, Theft, Robbery, Forgery, Passing Bad Checks, Carrying a Concealed Weapon, Receiving Stolen Property, Aggravated Burglary and Breaking and Entering.

The project consists of two reports, **a 25 year felony summary** that compares the 1990 version of the offense and prison commitment data to 2014 offense and prison commitment data. The second report is **a 25 year felony survey** that outlines the crime and sentence in 1990 and illustrates the iterations of the crime to current statute.

The reports will be used by our own working committees and distributed to President Keith Faber's Recodification Group and other interested parties as appropriate. I trust the information will be useful and appreciate the support and collaboration of the Supreme Court of Ohio Law Library.
