## MOTION AND PROCEDURAL RULINGS

### **2013-0591. State v. Bates.**

Williams App. No. WM-12-002, 2013-Ohio-1270. This cause is pending before the court as a jurisdictional appeal.

Upon consideration of appellant's motion for stay of the court of appeals' decision and request for bond pending appeal, it is ordered by the court that the motion is denied.

O'Neill, J., dissents and would grant the stay subject to the conditions imposed by the Sixth Appellate District.
