Ohio Mayor's Courts

Chapter 1905 of the Ohio Revised Code permits mayors of municipal corporations populated by more than 200 people that are generally not the site of a municipal court to conduct mayor's court. In addition, municipal corporations with populations less than 201 may conduct mayor's court as long as the municipality is located entirely on an island in Lake Erie.

Mayor's courts, which are not courts of record, only hear cases involving violations of local ordinances and state traffic laws. Those convicted in a mayor's court may appeal their conviction to the municipal or county court having jurisdiction within the municipal corporation. Ohio law does not require mayors hearing cases to be attorneys.

Section 1905.033 of the Ohio Revised Code, effective Jan. 1, 2004, requires mayor's courts to register annually and file caseload statistics quarterly with the Supreme Court of Ohio. With the permission of the Ohio General Assembly, the Supreme Court adopted rules providing court procedures and basic legal education for mayors hearing cases. These rules were adopted by the Supreme Court in 2004, and are published on the Supreme Court's website.

2018 Population Statistics

A total of 292 municipal corporations reported to the Supreme Court as having operated a mayor's court in 2018. The populations of those municipal corporations are broken down into ranges within the table below. The village of Put-in-Bay, with a population of 138, is exempt from the 201-person-minimum population requirement due to its location entirely on an island in Lake Erie.

Definition of "Clearance Rate"

A court's clearance rate is a measure of its ability to keep up with its incoming caseload. The clearance rate, expressed as a percentage, is calculated by dividing the total number of terminations by the total number of new filings, transfers, and reactivations. The calculation does not include cases pending at the beginning of the year.
